PROFILE INFO

My name is Mounir Saghfary, and I am currently a 19-year-old computer science student at Al Akhawayn University in Ifrane. As a dedicated student of computer science, I am passionate about exploring new technologies and solving complex problems through innovative solutions, and I am eager to apply my skills and knowledge to real-world challenges in the field. Thank you for considering my application.

INTERNSHIP EXPERIENCE

Internship at Lesieur Cristal   **2022**
One Month Internship with the Computer Science Department.

Internship at Centrelec   **2023**
During my one-month internship, I contributed to the development of a comprehensive management system using Next.js, SQL Server, React Native, and Supabase. I gained hands-on experience in frontend and backend development, working on modules like Tickets, Features, Purchases, and Budget management.

MY PROJECTS

- **Transportation System**
- **Grade Transcript Generator**

  Using C language
- **Banking System**

  Using Python language
- **Employment System**

  Using Java language
- **Food Delivery Mobile Application**
